

One partner. All solutions. Introducing Powertrain Services North America at CONEXPO-CON/AGG

- **An Innovative full service partner for all aspects of powertrain concepts**
- **Aftermarket Parts Distribution plus Value Added Services plus Field Services & Condition Monitoring**
- **Top Innovations for the powertrain segment on display**

Lohmar, 11.03.2020

Walterscheid Powertrain Group will launch the new business Powertrain Services North America at CONEXPO-CON/AGG 2020, the largest construction trade show in the USA. As an innovative full service partner for all aspects of powertrain concepts, Powertrain Services North America will offer comprehensive through life service and the complete Walterscheid Powertrain Group product range.

‘One partner. All solutions.’ The new service business will have three segments: 1, Aftermarket Parts Distribution with more than 130 distribution partners throughout North America, 2, Value Added Services such as repair, exchange, modification and customization of shafts and powertrain solutions, as well as 3, Field Services & Condition monitoring, which includes field service, preventative and predictive maintenance along with condition monitoring and technical consultancy on demand.

Top Innovations on Display

At CONEXPO-CON/AGG 2020, Walterscheid Powertrain Group will also present the latest top innovations in this segment. This will include Smart & Connected Powertrain Solutions, which provide status data from powertrains in operation via innovative smart technologies. Additionally, the latest Mechanics® Synergy Drive Shafts, and the hydrostatic propel drive ICVD (Integrated Continuously Variable Drive), which delivers in a compact design very high torque values down to output speeds of zero with a higher grade of efficiency and the potential of fuel saving in the power train. The output speed itself is adjustable continuously in a wide range, smooth and without interruption, will also be presented at the show.

You can find more information at our booth: IFPE – South Hall 3, Stand S83600, at CONEXPO-CON/AGG 2020.
